BullsEye Telecom, Inc.
25925 Telegraph Road Suite 210
Southfield, MI 48033

October 28, 2020

Attn: Directory Administrator

This letter serves as a reminder that pursuant to FCC Regulations 47 C.F.R. § 64.604 - Mandatory Minimum Standards Subsection (c) (3) all telephone companies serving Utah consumers shall assure that their customers are aware of the availability and use of all forms of Telecommunications Relay Services (TRS).

To make certain that all people have access to information about the various connection methods and services available through Relay Utah, we find it valuable to supply the enclosed camera-ready informational page for use in your 2021 telephone directory and the camera-ready bill insert for use when distributing bill statements.

If you choose to design your own directory page or bill insert on how Relay Utah works rather than use the ones provided, please follow the information presented to ensure accuracy.

In an effort to “Go Green”, we would like to send this information to you electronically in the future. Please email me at beth.slough@hamiltonrelay.com and we will update our database to include your email address.

Relay Utah is a service that guarantees all citizens full communication through the telephone. Consumers of these services, specifically people who are deaf, deaf-blind, hard of hearing or who have difficulty speaking, can communicate on the telephone via specialized equipment and services in order to connect with family, friends or businesses with ease.

Consumers of Relay Utah can access the relay 24 hours a day either through a toll-free number or by simply dialing 711. Operators called Communication Assistants (CA) process calls by voicing everything the TTY user types, and by typing everything heard from the conventional telephone user.

If you should have any questions about the sample directory page, bill insert or about Relay Utah in general, please feel free to contact me at 402-694-5101 or via email at beth.slough@hamiltonrelay.com.

Sincerely,

Beth Slough
Director of Account Management and Compliance Manager
What is Relay Utah?
Relay Utah is a public service that guarantees all citizens access to prompt, professional and precise communication through a telephone. Consumers of these specialized services, specifically individuals who are deaf, deaf-blind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Spanish and Captioned Telephone. This helps ensure the ability to connect with family, friends or businesses with ease.

How does relay work?
Dial 711 or the toll-free number listed below to connect with Relay Utah. A qualified Communication Assistant (CA) will ask for the area code and the number of the person you wish to call before they begin to relay the conversation. Generally, the CA will voice the typed message from the text telephone (TTY) user to the person on the other end. The CA then relays the words spoken in response by typing them back to the TTY user. Specialized relay services are also available for individuals who have difficulty speaking and for Spanish-speaking residents.

Captions Telephone
A captioned telephone works like any other telephone with one essential difference: it allows users to listen to their phone conversations while reading captions of what is being said to them. To call a Captioned Telephone user, dial 711 or 1-877-242-3223.

How do I apply for specialized equipment?
Relay Utah distributes telecommunications equipment designed for individuals who are deaf, hard of hearing and deaf-blind. Equipment is distributed to qualified applicants living in Utah. For more information on the distribution program, go to www.relay.utah.gov or call 801-715-3470 (Voice).

Language Access Numbers:
Dial 711 or 1-800-346-4128
TTY: 800-346-3162
Spanish: 800-346-5822
Voice: 800-735-5907
VCO: 800-346-7414

Captioned Telephone

Customer Service: 888-269-7477
To call a Captioned Telephone user, dial: 711 or 877-243-2823

Special points of interest:

Equipment Distribution Program
Relay Utah distributes telecommunications equipment designed for individuals who are deaf, hard of hearing and deaf-blind. Equipment is distributed to qualified applicants living in Utah. For more information on the distribution program, go to www.relay.utah.gov or call 801-715-3470 (Voice).

Emergency Calls
Please note that 711 can only be used to reach Relay Utah. In an EMERGENCY you should continue to use 911. For emergencies, call 911 or your local emergency service TTY number directly. The Americans with Disabilities Act (ADA) requires that all 911 centers have a TTY and are prepared to handle emergency calls placed in this manner. Relay Utah will make every effort to assist you in an emergency. However, it is important to understand that relay centers are not 911 centers and do not assume responsibility for emergency calls.
