

About BullsEye:

Founded in 1999 | 99% customer retention rate | Single source for multiple solutions | One invoice

BUSINESS CONCERN:	SOLUTION:
Do you have a handle on the extensive communication management needed across your business?	BullsEye consolidates and manages all of your phone line connections into one contract and one monthly bill - regardless of your providers.
Are you getting the most competitive bulk rate pricing for local and long distance lines for all of your locations?	Through BullsEye's relationship with over 100 national providers, we bring an economic solution to your business communication needs for both local and long distance services combined.
How are you keeping on top of rate changes and FCC or state mandated updates when they happen?	You have clear view of your usage, price changes and any state or federal updates through both your consolidated monthly billing and your online My BullsEye Account portal view.

Solution Highlights

- Project Management**
We evaluate & consolidate your current long distance through a controlled migration to BullsEye's service.
- Billing & Invoice Optimization**
We review and eliminate any unnecessary lines, features and charges for immediate cost savings.
- Future Proofing Your Service**
We work with you to identify new cost savings or features, for best-in-class service for years to come.
- Ongoing Customer Service & Support**
Before, during and after the implementation, our dedicated team delivers excellence in customer care.

Additional Benefits

- Convenience of local and long distance with one provider
- Nationwide coverage through leading national providers, including all major RBOCs and ILECs
- My BullsEye Account (MBA) provides access to your account, including reporting of long distance traffic
- Free company location-to-location calling
- Competitive long distance rates and International calling plans
